SERVICE AND REGULATORY ANNOUNCEMENTS

BUREAU OF ANIMAL INDUSTRY

OCTOBER, 1931

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

NOTICE REGARDING MEAT INSPECTION

CERTIFICATION OF HIDES FOR POLAND

The bureau has been officially informed that the Polish Government requires a sanitary certificate for hides offered for importation into that country. Accordingly inspectors will issue M. I. Form 167 in duplicate for each consignment of hides destined to Poland after satisfying themselves that the hides are from animals which have been United States inspected and passed.

License No. 158 was issued September 17, 1931, to the Globe Laboratories, near Fostepco Heights, Fort Worth, Tex. (mailing address: P. O. box 4145, Stockyards Station, Fort Worth), for fowl-pox vaccine.

License No. 199 was issued September 2, 1931, to the Poultry Service Laboratory, 319 B Street, Petaluma, Calif., for chicken-pox vaccine.

PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT, OCTOBER, 1931

Docket No. 360.—In re F. F. Silver, Meridian Union Stockyards, Meridian, Miss. On August 19, 1931, the Acting Secretary of Agriculture issued an inquiry alleging that respondent was insolvent in that he was unable to pay his debts as they became due in the usual course of business and that he had violated Titles III and IV of the packers and stockyards act in connection with the han-

dling of livestock in commerce. On September 15, 1931, respondent acknowledged receipt of the order of inquiry, admitted the truth of the matters and things therein alleged, and waived a hearing thereon. On October 3, 1931, the Acting Secretary of Agriculture suspended respondent from registration as a market agency for six months, and ordered him to cease and desist from the unfair, unjust, and unreasonable practice and device of failing to account or remit to the shippers, after deducting all legitimate expenses, the amount for which their livestock was sold; and to keep and maintain adequate accounts, records and memoranda pertaining to his business.

Stockyards Posted

On October 7, 1931, the Joplin Stockyards at Joplin, Mo., was posted as coming within the jurisdiction of the packers and stockyards act.

Stockyards Withdrawn from Jurisdiction

On October 17, 1931, the Stockton Feed Yards at Stockton, Calif., was withdrawn from the jurisdiction of the packers and stockyards act, as it is no longer conducted as a public market.

RESULTS OF PROSECUTIONS FOR VIOLATIONS OF LAWS

DR. W. P. ELLENBERGER DIES

Dr. William P. Ellenberger, assistant chief of the Field Inspection Division of the bureau died October 26 at the Emergency Hospital, Washington, D. C., as a result of an accidental fall. Doctor Ellenberger served the bureau in various supervisory and executive capacities during the last 33 years.

He was born at Easton, Wayne County, Ohio, July 4, 1871, and was educated in the elementary and high schools at Wadsworth, Ohio. He attended the Ontario and McKillip Veterinary Colleges and the Columbian University of Veterinary Medicine in Washington, D. C., from which institution he was graduated in 1897, receiving the degree of doctor of veterinary science. Prior to entering the bureau's service, in 1898, he practiced veterinary medicine. His first Federal assignment was at Cincinnati, Ohio, as assistant inspector in meat-inspection work. He advanced to inspector in charge of tick-eradication work in Tennessee and subsequently rose to the position of assistant chief of the Tick Eradication Division, serving from 1917-1920, when he became assistant chief of the Field Inspection Division. He was joint author of a farmers' bulletin dealing with cattle-fever ticks and methods of eradication, which has been in great demand, and of a publication giving directions for constructing vats and dipping cattle to destroy ticks.
